

Public comment received from Michael Demartini
WRWC – January 19, 2022

Dear Ms. Purgitt, Ms. Rigdon, Mr. Pagni and Commissioners

It appears that I will not be available to appear at the meeting in person today and the agenda is limited to selected individuals for remote attendance.

Accordingly, I would like to present the following for the record:

Item 3: General agenda Notes should allow individuals to attend remotely if possible until the COVID situation is controlled. Item 4 should be postponed until the draft minutes are posted for review within the packet.

Items misc: TDS and public acceptance and notification is an issue with regard to Class A+ water.

Sincerely,
Meridian Company,

Michael J DeMartini, P.E.
